

REV-CYCLE SUPPORT

Different by Design: Rev-Cycle Process & Team Transformation

We empower you to build highly performant processes, establish a Rev-Cycle production system with analytics and workflow tools, and seamlessly add flex resources based on need. Whether your RevCycle is fully insourced or outsourced, we give you the visibility, control, and insight to achieve sustained performance improvement.

A DIFFERENT APPROACH TO REV-CYCLE OPERATIONS

1 Tools

- Precision Earned Revenue Reporting
- Next Best Action Analytics
- Root Cause Analysis
- Integrated Workflow Tools
- AI-Driven Workflow Automation

2 Professional Services

- Playbooks & Training
- Automation & Process Design
- Workforce Development
- Executive Support
- Operational Analytics

3 Flex Workforce

- Experienced, Certified, and Trained OnDemand Workforce
- Joint Management & Blended Teams
- Predictive Resourcing
- Seamlessly Scale Up / Down

Integrated tools built by Rev-Cycle operators for Rev-cycle operators to solve problems and drive performance

Ability to see every dollar of earned revenue that is NOT being collected

Enables team engagement across the entire rev-cycle based on actionable data

TESTIMONIAL

“Although focusing on yield as a guiding metric was a new approach, we had confidence that Currance’s experience team could get us where we wanted to go.”

– Grant Byers, SVP & CFO

▲ **3.4%**
yield in 60 days

▼ **3.2M**
cost to collect

▲ **5.0%**
yield conversion
from difficult payors
